Nomination for the Overbeek Gold Medal 2023

In 2005 ECIS created the Overbeek Gold Medal to acknowledge excellent careers in, and inspiring contributions to, the field of colloid and interface science. The Medal is awarded annually, the first one was awarded to J.Th.G. (Theo) Overbeek himself. The Overbeek Gold Medal is designed as an award that recognizes extended periods of scientific excellence. It should honour the candidate's leadership and scientific excellence in the field of colloid and interface science.

Deadline for receipt of nomination by ECIS Secretary: **30th April 2023**
