Nomination for the Maria Miguel Award 2025

The Maria Miguel Award is annually granted to a young scientist working in the field of colloid and interface science in Europe. The independent scientific work of the awardee should be original and of outstanding quality. The recipient of the Award must have obtained his/her PhD not earlier than **2018** and must have published at least **5** papers (peer-reviewed) as corresponding author without the PhD supervisor as a co-author. Nominations can only be made by a scientist that is/was not part of the PhD supervisor's group.

Deadline for receipt of nomination by ECIS Secretary: **30th April 2025**

Nominee's Name: _____

Present occupational title and institutional affiliation: _____

Professional Address: _____

The nomination should, apart from a short description of the candidates scientific achievements, contain a list of the ten most important publications and include at least 5 where the nominee is corresponding author, without PhD supervisor as co-author (Title of article, authors, Journal, Volume, Pages, Year); please attach a pdf file for each publication:

Please note: **applications that do not comply precisely with the guidelines, or that refer to more than 10 articles will not be considered.**

Summary of reasons for your nomination (up to 1,000 words): *You may append a separate file.*

Name of Nominator: _____

Position: _____

Institutional Address: _____
